

2023 Fall Making a Difference

The Greenwall Foundation

Welcome and instructions

Thank you for your interest in The Greenwall Foundation's **Making a Difference in Real-World Bioethics Dilemmas** program. Letters of intent must be submitted by **June 26, 2023 at 11:59 pm ET**.

We appreciate the time and effort that applicants put into the Foundation's application process, and understand that it might be more intensive than applications to other philanthropic organizations. Our goal is to help develop and support strong proposals that are positioned to have the greatest impact in real-world, practical settings. Please view our "Tips for Applying" video to hear from Foundation staff directly about features of the strongest letters of intent we receive and common pitfalls to avoid. You can also learn more about the review process [here](#).

Using this Form:

This form is made up of multiple sections. To view any section of the form, click on the arrow at the left of the section header bar. Only one section of the form can be viewed at a time. Viewing a new section automatically closes any other.

Required questions are marked by an asterisk (*). If, at any time, you need to save your answers and complete the LOI later, click on the SAVE LOI button at the bottom of this form. A message will appear at the top of your screen indicating the LOI has been saved.

If you wish to save a PDF file of the questions in this form, use the QUESTION LIST button at the top of the page. If you wish to save a PDF file of your LOI responses, first save your LOI, then return to the form and click on the LOI PACKET button, which will appear at the top of the form after you have saved the LOI.

To submit a completed LOI, click the SUBMIT LOI button at the bottom of this form.

Communication and Updates:

General Information:

- The Greenwall Foundation does not make grants to unaffiliated individuals, or to institutions that do not have tax-exempt status in the United States.
- If you have questions or need assistance when completing the online application, please contact Kyle Ruempler, kruempler@greenwall.org.

Project information

Project Name*

Name of Project.

Character Limit: 250

Project Summary*

Please provide a one-sentence summary of the project for a lay audience.

Character Limit: 375

Priority Topic*

While we welcome all innovative proposals that will have a real-world impact, we are particularly interested in proposals that address this cycle's priority topics, which are:

- Bias and discrimination in health care, which may be based on a broad range of characteristics, and which may involve institutional and systemic contributors to bias and racism as well as health disparities or social determinants of health;
- Trust in science, medicine, and public health;
- Public health crises (related to, for example, emerging infectious diseases, climate change, and the opioid epidemic), including their impact on mental health;
- Healthcare access, costs, and resource allocation.

Please select a priority topic from the list below, or "None" if applicable.

Proposed Research Team*

Please list the names, academic/professional titles, and institutions of the proposed research team members. Please include the percent effort for each team member allocating 10% effort or more.

Character Limit: 2500

Principal Investigator CV*

Please include a CV (no more than 5 single-spaced pages, in NIH biosketch format, as a PDF) that highlights evidence that you have the experience and expertise needed to carry out the proposed project. Additional information about the NIH biosketch format is available here.

File Size Limit: 2 MB

Key Personnel #2 CV

Please include the CV of a second key research team member (no more than 5 single-spaced pages, in NIH biosketch format, as a PDF) that highlights evidence of the team's experience and expertise needed to carry out the proposed project. Additional information about the NIH biosketch format is available here. No additional CVs will be accepted at this time.

File Size Limit: 2 MB

Narrative information

The project narrative should use the following headers:

- The bioethics problem to be addressed, its significance, and how the project will help resolve it

- How the proposed project is innovative and goes beyond the current research on the problem
- How the project will promote the Foundation’s vision of *making bioethics integral to decisions in health care, policy, and research* and its mission of *expanding bioethics knowledge to improve clinical, biomedical, and public health decision-making, policy, and practice*
- The specific aims or research questions of the project
- Description of the methods that will be used to achieve these aims
- Team expertise and experience, including the team’s expertise in relevant disciplines, and their close, practical familiarity and real-world experience with the bioethics problems to be addressed
- The nature of peer-reviewed publication(s) expected from the project and other plans to disseminate the project’s findings, including to stakeholder audiences beyond academia and to key individuals who can change practice or policy

Please be sure to include all of these sections in your narrative; failure to do so may render your application incomplete.

Narrative (LOI)*

Please upload the narrative in PDF format. This narrative should be no longer than three single-spaced pages plus references (which do not count against the three-page limit), with one-inch margins and in a font no smaller than 12 point. Please do not submit any additional documents.
